

ADOPT-A-SITE

Would you like to become an
Ancient Sites Archaeological
Monitor?

We need your help!

West Penwith's Ancient Sites are always under pressures of various kinds. We need local people to keep an eye on the sites, and report back to us their condition and any changes affecting them. Would you be prepared to 'Adopt-a-Site' locally, and visit it from time to time to complete a simple Monitoring form? The commitment is not onerous and will help greatly in preserving the sites. If you can help, have a think about which site you could visit easily and regularly. It does not have to be the larger well-known sites: in fact, the lesser-known ones are if anything more in need of help and protection. If you would like to help in this way, please e-mail: **paul.bonnington@nationaltrust.org.uk** or return this form to: **CASP Sites Monitor, c/o The National Trust, Trevail, Zen-nor TR26 3BW**
